

Seedlings Classroom-September Newsletter

August recap

We've had a wonderful month getting to know each other and celebrating the unique things that make us, and our pets, so special! We loved sharing stories about our pets and even made the sounds of our favorite animals. It was a great way to learn about the different creatures that are part of our lives. Through songs and movement, we learned the names for parts of our bodies. This helped us understand more about ourselves and the world around us.

September news

Dear Families,

As we welcome the month of September, we are excited to dive into new themes and activities! This month will be filled with opportunities for discovery and growth. We will be honoring our beloved grandparents with a special song just for them. We are excited about introducing the **"ABC Song"** with movements to help capture the children's attention and support their early vocal development. We will also be teaching two new **sign language** words: **"please"** and **"tree."** Get ready to explore the beautiful autumn season! We'll use sensory play to discover fall's gentle colors and unique textures, which helps with language development and cognitive skills. We will also be creating some special **fall art** projects. Using our gross motor skills and our physical abilities, we will be focusing on movement activities like **jumping, catching, rolling, and climbing**. These activities are crucial for developing coordination and strength.

Dates to remember:

Labor Day September 1st closed
