

Rainforest Classroom2026

February Recap

During the month of February the children were busy making hearts and learning about emotions they might feel and that it's ok to have feelings. We compared emotions and came to the conclusion that feeling happy and making good choices is what makes us feel the best. The children are learning more to resolve their own conflicts instead of always "telling" on their friends. We are guiding them to use the Peace Rose and other activities on the Peace shelf.

March Newsletter

During the month of March, we will explore the largest Continent on Earth, Asia. Because it is so vast and diverse, we will focus on India, China, Japan, and the Philippines, learning about their cultures, traditions, landmarks, and daily life. The children will sing geography songs about Asia to help them remember important facts in a fun and engaging way. Through stories, discussions, and activities, they will build cultural awareness and gain a deeper appreciation for the diversity of this continent. In Art, we will be doing a lot of watercolor painting since many countries of Asia use this form of painting.

Torrance Nurvi Max

Tuesday 17th is ST. Patrick's Day. Please dress your child in green on that day.
