

Maple Tree Class April Newsletter 2026 🌸

March recap:

March was a joyful month in our Maple Tree classroom, filled with springtime learning and hands-on fun. The children continued building early language and math skills through music, movement, and interactive activities. We practiced name recognition, explored colors 🌈, and strengthened counting skills with sorting games and songs like *One, Two, Buckle My Shoe*.

With the arrival of spring, we talked about changing weather ☁️🌧️ and learned about the life cycle of caterpillars and butterflies 🐛🦋. The children enjoyed creating rainbow and shamrock art 🍀 while celebrating St. Patrick's Day. During our Spring Cleaning Day 🧹, they practiced responsibility and teamwork, taking pride in caring for their classroom. It was a wonderful month of growth and discovery.

April activities

April will bring more seasonal fun and exciting learning opportunities. We'll celebrate April Fools' Day and enjoy Easter-themed activities 🐰, including an Easter Egg Hunt, while focusing on letter J recognition. Our spring science activities will explore weather changes, blooming flowers 🌸, and birds 🐦 returning for the season.

We will also learn about animals by sharing about favorite pets, singing *Old McDonald Had a Farm*, and exploring pond life 🐸 with counting songs like *Five Little Speckled Frogs*. For Earth Day, we'll create nature-inspired art, spend time outdoors 🌿, and complete a special "All About Me" activity to celebrate each child's uniqueness.

We look forward to a fun-filled April of learning and springtime joy!

Easter egg hunt: Friday April 3

Bring a plant April 16th (Thursday)

Maple Tree Lesson Plan

Month: April 2026

Monday	Tuesday	Wednesday	Thursday	Friday
		1 "Ten Bunnies Counting" Song	2 Learning About Easter Holiday & Creating Easter Art	3 Easter egg hunt Good Friday! Learning the Letter 'J' Through Activity
