Month: May, 2026

April Recap

April was full of springtime fun and excitement in our classroom! We hopped right into the season by celebrating Easter with a joyful egg hunt that had everyone smiling. Our little gardeners took great care of our class plant—watering it, watching it grow, and learning just how important sunshine and love can be. 🌱

We sang and danced along to our song of the month, “Peter Cottontail,” bringing lots of energy and giggles to our days. Storytime bloomed with books about spring and gardening, helping us discover how flowers grow and seasons change.

As we explored outside, we noticed the world around us changing into beautiful spring colors—bright, fresh, and full of life—just like our classroom! 🌸

May News

Get ready for a month full of love, laughter, and a little bit of magic! In May, we will celebrate special days like Cinco de Mayo, Mother’s Day (with a heartwarming surprise event!), and Memorial Day. Our little ones will be busy creating adorable, love-filled gifts just for Mommy—made with tiny hands and big hearts! 💖

We are thinking *pink, pink, and more pink!* 💖 Our color of the month will have us going on fun “pink hunts,” collecting pink treasures, and turning them into creative art projects. We will sing our sweet song of the month, “I Love Mommy,” filling our classroom with music, smiles, and lots of love. 🎵

This month, we will also grow our independence by practicing how to scoop with a spoon—messy and fun learning included! We will learn to sign the special words “mommy” and “love,” helping us express our feelings in a new way.

And get ready... because one day will be extra *bubbly!* ☐ We will laugh, chase, and pop bubbles for a day full of joy and giggles! ✨

Important Dates to Remember!

Mother’s Day May 8th

School closed on Monday - Memorial Day May 25th

Seedlings Classroom Lesson Plan
