

## Evergreen Classroom JULY NEWSLETTER

### JUNE RECAP:

In June, the children explored Australia and its unique mammals, learning about kangaroos, koalas, and other Australian animals through stories, crafts, and music. They created Australian-themed art projects and learned about famous landmarks. The children celebrated Father's Day on June 19th with special crafts and stories honoring dads. They also discovered the ocean and marine life, exploring sea creatures and engaging in ocean-themed crafts and activities. Summer weather activities took place as they learned about the sun, rain, and how to stay cool during hot days. Throughout June, the children participated in outdoor adventures, gardening projects, and environmental awareness activities, fostering a sense of responsibility and connection to nature. Summer camp activities and outdoor games added to the excitement of the month, making it a fun and educational experience.

### JULY PLANS:

This July, the children will explore our planets and learn about the solar system. They will discover the characteristics of different planets, create models of the solar system, and engage in space-themed crafts. The children will also learn about dinosaurs—different types, their habitats, and their extinction through stories, activities, and hands-on projects. We are celebrating Independence Day on July 3rd with special crafts, patriotic songs. The children are making flags, learning and singing fun patriotic songs like "The Star-Spangled Banner" and "America the Beautiful." Throughout the month, the children will participate in summer camp activities, outdoor games, and nature explorations. This month will also include exciting space stories, dinosaur dance parties, and creative craft projects that inspire curiosity and teamwork. We look forward to a fantastic month full of discovery, fun, and patriotic celebration!

Dates to Remember:  
Independence Day: July 3rd  
Ezekiel Birthday: July 28<sup>th</sup>

## Evergreen Classroom July Lesson Plan

### Month: July 2026

Monday	Tuesday	Wednesday	Thursday	Friday
		1	2	3
