31 Color song				

Maple Tree Toddler

August Newsletter

July Recap...

In July, we had fun celebrating the **4th of July**! We learned about the rainforest, enjoyed water play, and participated in many fun learning activities. We created colorful art projects, practiced the days of the week and months of the year, and welcomed new classmates to our classroom. 😊 We also enjoyed music and movement activities, story time, and outdoor play while building new friendships and learning through hands-on experiences.

Coming up in August

In the month of August, we will review our classroom rules and continue developing independent skills. We will learn about our bodies, with a special focus on our faces and body parts. We will explore the continents through age-appropriate activities and learn about our classmates' house pets. We will also practice colors, shapes, counting, and language skills through songs, stories, sensory play, and creative art activities. We look forward to another month filled with learning, laughter, and fun!
