

Evergreen Classroom August 2026 Newsletter

JULY RECAP:

This July, the children explored our planets and learned about the solar system. They discovered the characteristics of different planets, created models of the solar system, and engaged in space themed crafts. The children also learned about dinosaurs their types, habitats, and extinction through stories, activities, and hands-on projects. We celebrated Independence Day on July 2nd with special crafts and patriotic songs. The children made flags, learned, and sang fun patriotic songs. Throughout the month, they participated in activities, outdoor games, and nature explorations. The month was filled with exciting space stories, dinosaur dance parties, and creative craft projects that inspired curiosity and teamwork.

AUGUST PLANS:

This August, the children are focusing on Back to School and classroom rules. They are learning about the importance of following rules, respecting others, and creating a positive classroom environment. The children are also exploring the topic "All About Me," where they share about their interests, families, and favorite things. We are discussing pets, their care, and different kinds of animals. Additionally, the children are learning about the continents, identifying them on maps, numbers and tracing, understanding cultural differences, and exploring different parts of the world. Throughout the month, they will participate in fun activities, stories, and projects that promote teamwork and curiosity. We are excited to help the children feel confident and prepared for the new school year while fostering a love for learning about themselves and the world around them.

Dates to remember
Nolan's birthday: August 25th

Evergreen Classroom Lesson Plan

Month: August 2026

Monday	Tuesday	Wednesday	Thursday	Friday
3 Introduction to Classroom Rules & Expectations	4 All About Me: Sharing interests & favorites Coloring the pets pic	5 "Head, Shoulders, Knees, and Toes" knobbed cylinder	6 All About Me: Family & Self-Portraits How to roll the mat?	7 All About Me: My Favorite Things & Feelings
